

IMPORTANT ANNOUNCEMENT

We have a slight expansion on the qualifying criteria for the beginner and novice championships at the 2014 event.

A dog needs a win and 2 places at the same level during this season to qualify for the championships at that level. However a win at a higher level makes the dog ineligible to enter at the lower level.

For beginner and novice, as only 2 wins are required to win "out" of those classes, so we are happy to confirm that for these 2 classes only, the qualifying criteria will be expanded to also include 2 x wins (1st place) as qualifiers, as long as both wins are within the qualifying period (1 January - 6 October 2014). The standard qualifying criteria above (1 win and 2 places) also applies to beginners and novice, this is an additional qualifying criteria.
